EVENTS & PRIVATE GROUP DINING

Woodstock House has a long history as the setting for unforgettable moments. Since its construction in 1770, the house has witnessed centuries of laughter, celebration, and shared experiences. From the esteemed families who once called it home, to renowned musicians who sought inspiration within its walls, Woodstock House has fostered a unique atmosphere of warmth and creativity.

Now, embarking on a new chapter, Woodstock House reopens as a unique private venue for intimate gatherings. Each room in the house has been meticulously refurbished, drawing inspiration from traditional, vintage styles. A burst of vibrant and rich colour palettes breathes new life into the space, resulting in a distinctive character.

Two exquisite dining rooms are available for stand-alone events, or for on site celebrations as part of the exclusive use of the house. The linked dining rooms create flexibility for the space to be curated to perfectly suit both larger gatherings of up to 100 guests, and the more intimate events.

DRUIDS GLEN GOLF COURSE

Named IGTOA's Golf Resort of The Year 2023, Druids Glen Hotel & Golf Resort is home to two famed championship golf courses - Druids Glen Golf Course and Druids Heath Golf Course.

Woodstock House is located adjacent to Druids Glen Golf Club, and boasts breathtaking views of the Druids Glen course, including the iconic first tee and dramatic 18th hole.

Our two championship golf courses allow our golfing guests to enjoy varied play over equally exhilarating landscapes – both of which are renowned as being amongst the finest, most challenging and most enjoyable in Europe.

The legendary Druids Glen, designed by Pat Ruddy & Tom Craddock, has been meticulously restored by Peter McEvoy OBE in 2023. Following a multi-million euro investment, the course reopened last year and sits among the finest parkland golf experiences in Europe.
